#### **Firering to Participate in Mines and Money's Resourcing Tomorrow Conference in London**

Firering, an exploration company focusing on critical minerals, is pleased to announce that it will be presenting and exhibiting at the Mines and Money @Resourcing Tomorrow conference on the 28 - 30 November 2023.

Resourcing Tomorrow is Europe's leading mining investment event, dedicated to accelerating the energy transition. Taking place in London at the Business Design Centre, the conference has over 2,000 registrants from approximately 100 countries, Resourcing Tomorrow welcomes the whole mining value chain, including global mining and energy companies, investors, government representatives, researchers, educators, regulators, suppliers, and operators.

For more information about the conference visit: <https://minesandmoney.com/london/index>

#### **Notes to Editors:**

##### **Firering Strategic Mineral**

Firering Strategic Minerals plc is an AIM-quoted mining company focused on exploring and developing a portfolio of mines producing strategic minerals in Côte d'Ivoire, specifically lithium and tantalum, to support the global transition to net zero emissions. It operates the Atex Lithium-Tantalum Project in northern Côte d'Ivoire, which is prospective for both lithium and tantalum. Firering's main focus is working together with Australian diversified minerals company Ricca Resources to advance development at Atex with a view to establishing a maiden lithium resource and then progressing a Lithium project through to DFS. Firering is also assessing pilot scale production of ethically sourced tantalum and niobium to generate early revenues and support further exploration work. Should pilot production be successful, a large-scale tantalum production facility may be developed, which will be supported by a debt facility of FCFA 5,057,000,000 (approximately €7,500,000) currently under negotiation to fund the entire scale-up plan to develop a portfolio of ethically sourced mineral projects in the Côte d'Ivoire, supplying EV batteries, high tech electronics and other fast-growing end markets. Firering also has an option to acquire up to 28.33% of Limeco Resources Limited, the owner of a Limestone project located 22km west of Lusaka in Zambia.

##### **About Reach announcements**

Reach is an investor communication service aimed at assisting listed and unlisted (including AIM quoted) companies to distribute media only/non-regulatory news releases such as marketing messages, corporate and product information into the public domain. An RNS Regulatory announcement is required to be notified under the AIM Rules for Companies.

This information is provided by Reach, the non-regulatory press release distribution service of RNS, part of the London Stock Exchange. Terms and conditions relating to the use and distribution of this information may apply.
